EPA Reg. No. 67712-15-51765 EPA Est. No. 67712-CA-001

#### ATTENTION:

Before opening your filter, please refer to the spa owner's manual for complete installation instructions.

#### INSTALLATION:

Install the SunPurity™ mineral spa sanitizer cartridge into your spa filter gate's sanitizer chamber as shown.

CUSTOM DESIGNED FOR  
**Sundance® Spas**

SunPurity™ mineral spa sanitizer treated water is brilliantly clear and soft.

An Alternative to Chlorine when used in combination with MPS\*

Ends chlorine hassle when used in combination with MPS\*, and improves water quality.

Reduces potential for unpleasant odor and scum lines. Enhanced bather comfort.

It's compatible - SunPurity™ mineral spa sanitizer can even be used with your ozonator.

(\*potassium peroxymonosulfate)

#### NATURE<sup>2</sup> SPA TEST STRIPS

Just dip and swirl the test strip. See accurate and reliable results on the levels of MPS\*, Alkalinity and pH in your spa water.

For more information about Nature<sup>2</sup> Spa Test Strips, contact your Sundance® Spas Dealer. For a Sundance® Spas Dealer near you, go to [www.sundancespas.com](http://www.sundancespas.com).
